NOTIFICATION.

Gatoomand, September 27, 1918.

No. 149-C.—In exercise of the power conferred by rule 35 (1) of the Eastern Electoral rules promulgated by the Government of India in their notification No. 730 F., dated 27th July 1918, the Gatoomand Council is pleased to make the following amendments in the subsidiary regulations promulgated in the *Port St. George Gazette Extraordinary*, dated 26th August 1913, in conformity No. 148 B, dated 26th August 1913:—

SECTION I.—GENERAL AND LITIGIOUS CONSTITUTIONS.

Regulation 14 (2).—Delete the following for the existing regulation:—

"The name of every person presenting himself to vote and his number on the electoral roll shall be entered on a signature slip in Form IV and the voter shall sign his name in the column provided for that purpose and if he is unable to sign his name he shall be his thumb impression thereon. Where owing to any physical cause the thumb impression cannot be taken, the Presiding officer shall make a note on the slip to that effect."

Regulation 17.—Add the following at the end of the regulation:—

"Where at any polling station there is more than one constituency in which the number of voters registered to poll at that station is less than 25, separate ballot boxes shall not be provided for each such constituency but a single box common to all such constituencies shall be used. The voter shall, after folding the ballot paper given to him in an envelope which will be given to him by the Presiding officer, close the envelope and hand it to the Presiding officer who shall at once seal it and give it back to the voter to place in the common ballot box. At the close of the poll, the box shall be opened and the envelopes sorted and sent in sealed packets to the respective returning officers in the manner prescribed in regulations 22 and 23."

Regulation 21.—(1) At the end of item (1) of regulation 21 add the following:—

"after the box in which the sealed envelopes are placed."

(2) Add as item (2) the following:—

"the envelopes containing the ballot papers"

(3) Amend item (3) as item (4) and add at the end of it the words "and the sealed and equal envelopes".

(4) Delete (4) to (6) to be renumbered as (3) to (5).

Regulation 22 (a) and (1).—After the word "boxes" enter "and envelopes".

FORM IV.—SIGNATURE SLIP.

For the filling of column 8 substitute the following:—

"Signature of voter or thumb impression if unable to sign or note by the Presiding officer if the voter can neither sign nor enter his thumb impression."

FORM VI.—SIGNATURE SLIP.

Enter the following in item II in column I and renumber II and III:—

"II.—Envelope"

FORM VII.—SIGNATURE SLIP.

In column 2 and 8 add "or packet" after the word "box."

SECTION III.

Regulation 11.—For the word "printed" in line 3 read "entered."

Fish.	
Herring.	
Mince meat and mince pie.	

## SCHEDULE.

An Open General Licence has been issued which permits the free export of all bona fide samples of prohibited goods to all destinations with which trade is now permitted. Samples imported under this licence may be used only for genuine sample purposes, i.e., for obtaining orders from foreign buyers, and may not be sold except with the written consent of the Import and Export Licensing section; but such consent may be dispensed with when it is desired to send the articles in the quantity of destination after they have fulfilled their purpose as samples. Exporters will be required to satisfy the Customs authorities that the goods presented for export under this licence are bona fide samples, and to make a declaration to that effect on the relevant shipping documents.

This licence only applies to samples of goods which require licences for export to the particular destinations concerned.

In addition, the consent of the Import and Export Licensing section is not required for the sale of samples which, though within this licence at the actual time they were exported, would be exported outside the licence at the actual time of the proposed sale.

\* Parts of the Bank of France are prohibited by all destinations except in certificates in France.

(f) *Additional duty on exports taken into the Treaty country.*—On all goods intended for export which, at the owner's request, the Trust issues definitely into its custody under articles 45 and 46, of the above clause in Part II of the Schedule of Rules.

(g) *Duty on exports for purposes other than exportation.*—Goods opened by order of the Customs Department or removed by the Trust, under the instructions of the Customs Department, for examination or appraisement, will remain at the risk of the owner until, with the permission of the Customs Department, they shall have been returned definitely by the owner to the Trust for custody and a receipt for them shall have been granted.

(h) *Condition of Trust's obligation of liability.*—Goods tendered for custody to the Trust as before, by importers, exporters, or otherwise agents, must be tendered at such place and be stored in such manner as the Trust may require for the purpose from time to time, or may direct to the tenderer; and until so placed, and the prescribed receipt shall have been passed from the Trust to the owner, such goods shall continue to be at the owner's sole risk.

(i) *Condition on which exports to Treaty country may and not.*—Exports which have passed into the Trust's custody, as per clause 1 (3) and (4), may not be moved for shipment, or from the harbour premises, until the receipt given further by the Trust to the exporter, or to agent of an agricultural community, shall have been passed to the Trust from the exporter. But from the moment of the receipt of such receipt of such acquisition, by the owner to the Trust, such goods shall be at the owner's sole risk notwithstanding they being in the Trust's premises and enjoying such exemptions as those referred to above in clause 1 (c).

2. *The Trust's duty to receive stores.*—(a) *In land, ship or landing goods.*—Under section 29 of the Act the Trust has the option to land, ship or landing goods between vessels in the port and its wharves, place or docks. But at present it only performs such services in the more land down in clause 3.

(b) *To take charge of goods for delivery or shipment.*—Under section 29 of the Act, the Trust has the option to undertake, or to refuse to undertake, the reception, removal, portage or storage of goods brought within its precincts. For goods of which it assumes to take charge, the Trust is bound, under section 31 (5) of the Act, to give a receipt if thereunto required.

(c) *Under of which the Trust does not take charge.*—But at present the Trust does not take charge of the following classes of goods, whether in the open or under such shelter, loaded or unloaded, as it may have placed at anyone's disposal, viz:—(i) exports not specifically intended for custody under clause 1 (4), and for which a receipt has, therefore, not been granted; (ii) iron and steel, etc., the handling of which has been relinquished by the Trust to steamer agents; (iii) non-drawable arriving cargo of which the handling has been relinquished by the Trust to steamer agents—other than the necessities that must be landed under the Trust's responsibility; (iv) non-drawable stores; (v) free goods; (vi) cargo loaded in bulk in Part II of the Schedule of Rules; (vii) all goods loaded outside the harbour; and (viii) goods stored in bonded place or in bonded sheds.

3. *Portage and storage.*—(a) *Docks and wharves.*—The rates given in Part II of the Schedule of Rules cover portage of exports by the Trust except the items stated in clause 10 of Part II of the said schedule and goods landed outside the harbour. Whenever, at the request of importers, the Trust handles any goods not ordinarily so handled, it will levy an additional charge equal to the usual cost incurred in such handling, with 4 annas per ton as a minimum, and also storage charges if incurred, but will accept no responsibility in respect of cargo so handled.

(b) *Relinquishment of portage by Trust to owner agent or other.*—Whenever the Trust agrees with steamer agents or others to relinquish to the latter the portage of iron or steel, etc., whether arriving or foreign, arranged to arrive from the Government, and loaded at the least three days prior, the rate of harbour dues thereon will be 4 annas per ton less than that quoted in the Schedule of Rules.

(c) *Trust may collect steamer agents' portage always.*—Should an agreement be made between the Trust and a steamer agent that the latter shall handle cargo ordinarily handled by the former, at an agreed rate, both parties to the agreement will be at liberty to accept, mutually, for the Trust to collect from others, and to pay the owner agent, the agreed rate for portage, without the steamer agent being thereby constituted the Trust's warehouse agent.

4. *Portage and storage.*—(a) *Trust's general agent at export's risk.*—The portage of exports by the Trust is not covered by the rates given in the Schedule of Rules but is subject to the condition that none of the carrying and unloading of exports passing out for shipment through its sheds and over its quays or wharves are left to exporters themselves, the Trust, exclusively supplies the labour and machinery for handling and moving cargo as passing out, under a general charge of 4 annas per ton, per passage, whether or not it is so handled. Exports so handled for shipment do not, however, pass thereby into the Trust's custody, but are at the risk of the owner. Should any part of them first be in the Trust's custody under clause 1 (4) prior to their passing out for shipment, they will already have left such custody under clause 1 (7) before being handled.

(b) *Stores moved by the owner for the charge.*—With the exception of goods intended for export that require the use of space for their unloading from vessels or carts and the whole of the rate of storage will be that laid down in clause 12 (c), the 4-anna charge specified in clause 4 (a) is intended to cover the cost not only of labour but also of such shelving, wherever, means, facilities, etc., as has been provided by the Trust for the general convenience of its clients, whether their goods may have come into the country or not. But the 4-anna per ton charge will not be levied on goods removed from a warehouse leased to a shipper and shipped by him as board a vessel lying at a quay or on goods in which dues are quoted "per each shipment."

(c) *Stores of owner's goods.*—Should owners of exports desire this, they may, with the Trust's permission, undergo on the "application," handle their goods themselves, and in that case they will be granted a rebate of 3 annas of the above 4-anna charge. But such permission will be given for the handling of the whole, not a part, of the exports moved by one "application."

(d) *Handling agents.*—Exports arriving by road must be unloaded and stacked by owners. Exports arriving by rail, other than iron, steel, Government, rough stone, ballast, timber and such like, will be dealt with under the Part Trust Railway tariff.

(4) *Condition*.—For the purpose of receiving dues, all exports must be suitably stacked for count, weighing or measurement at places pointed out by the Trust. No exports may be moved forward for shipment until all dues thereon shall have been paid.

5. *Harbour dues*.—For portage, when then that for exports as per clause 4 (a), dues by the Trust and not assessed by harbour dues, the charge will be the actual cost to the Trust of each portage, with 4 pence per ton as a minimum. In the case of goods which dues are quoted "per sack" the minimum charge for special portage will be 25 per cent of the sub-assessed harbour dues.

6. *Transit dues as imports have been in the Trust's possession*.—(a) *Intention is to export*.—Goods that are imported, free of importation entered and the value of transit dues.—The Trust's intention in imposing transit dues as imports is not to act as warehousemen for profit, but to prevent the exportation of its stock which experience shows to take place if its charges for storage are too low. Such exportation is found specially to interfere with the speedy transit through the harbour premises of goods of which export dues are made early delivery. In order to prevent speculation the following transit dues are imposed:—

After allowing for such free days, including Sundays and Christmas of Government holidays, as the Trust, by resolution in meeting, may see fit to grant from time to time, transit dues will be charged at the following rates except during the periods in the exceptions noted below when transit dues will not be charged:—

For the first week, as follows:—

- |                                                                                                                          |                          |
|--------------------------------------------------------------------------------------------------------------------------|--------------------------|
| (1) On consignments, actually loaded, whose actual weight or measurement exceeds 10 tons and over                        | 2 annas per ton per day. |
| (2) On consignments, actually loaded, whose actual weight or measurement exceeds 10 tons and over, but less than 10 tons | 4 annas " "              |
| (3) On consignments, actually loaded, whose actual weight or measurement exceeds less than 10 tons                       | 6 annas "                |

For the second week as follows:—None the above rates.

For the third and succeeding weeks as follows:—None the above rates.

But if at any time the Trust should apprehend serious congestion in its transit sheds or the detriment of the rapid transit of goods through the port, it may direct the Trust to discontinue of any specified goods to secure such goods from the harbour premises within a given time; and should the goods not be so removed, the Trust may charge such transit dues thereon up to Rs. 10 per ton per day until the goods shall have been removed from the harbour premises. Also if the aforesaid charge should prove inadequate to ensure the removal of the goods, the Trust may itself remove them from the transit sheds at the expense of the owner and may stack them in any spot open within its premises at the risk of the owner.

*Exceptions*.—

- (1) For periods during which goods are detained by the Collector of Customs for Customs purposes;
- (2) For periods during which the Trust is unable to free portage, owing to congestion of exportation, in arriving sailing and to inward delivery;
- (3) For the period during which goods are detained by the Health Officer before being shipped;
- (4) For periods not exceeding fourteen days subsequent from the date following a vessel's completion of discharge during which goods are detained for survey, either by the Customs agents or by the Trust, including Sundays and holidays, provided also that such goods are removed from the Trust's premises within 10 hours, including Sundays and holidays, after having been surveyed;
- (5) On privileged goods pending inquiries by Customs agents at other ports, provided the goods in question are not left in Port Trust premises for longer than three months from the date of landing; and
- (6) On privileged goods cleared against charges by Customs agents within ten days after the date of issue of the Port Trust clearance statement.

(7) *Salut goods*.—In the case of saluted import goods, the free days mentioned in clause 4 (a) will be calculated from the day following the notification of saluage by the Revenue of Wards in the Port St. George Gazette.

(8) *Dangerous goods*.—On the sub-assessed dangerous goods, if loaded at a quay and not cleared from the Trust's premises by consignees within (including Sundays and holidays) 14 Calendar weeks after the day of landing, transit dues will be levied at double the full rates quoted in clause 4 (a) (including weight, dimensions, piece, ton, measure) and other than sulphuric, nitric, carbonic, acetic and hydrochloric acids; nitrate of potash and similar salts.

(9) *Goods on which dues are quoted "per sack"*.—On goods for which a special rate of harbour dues "per sack" is quoted, the rate of transit dues, after the free days mentioned in clause 4 (a) will be calculated as a percentage of the harbour dues thus:—For the first week or part thereof 25 per cent, for the second week or part thereof 50 per cent, and for the third and succeeding weeks or parts thereof 100 per cent.

(10) *Goods from unknown vessels*.—On goods from vessels whose names are unknown, transit dues will be charged up to a maximum of two months only.

(11) *Transit dues on converted cargo*.—When goods short landed at Madras are re-exported to another port and brought back again, free dues will be calculated from the date of the complete discharge of the vessel which brought the goods back.

(12) *Transit dues on liquids*.—For the calculation of transit dues on liquids, in which the rates of harbour dues are fixed in the scale per 10 gallons, one ton will be estimated as equivalent to 216 gallons.

(13) *Transit dues on cement*.—The free days, as quoted from time to time in full dues in clause 4 (a) shall count, in the case of cement imported into Madras, from the day following that on which the consignments from a particular vessel have been declared by the steamer agent to be ready for delivery.

(4) *Other conditions*.—(i) With the exception of dangerous goods loaded at a quay, half the above rates will be charged if goods lie in the open without covering of any kind or roof. (ii) Goods remaining onshore at the expiry of the free days will be liable to the "special percentage" as specified in clause 8, if shifted by the Trust in the interests of cargo generally. (iii) After (iv) charges have been made, no allowance will be made for Sundays or holidays. (v) Through dues are recoverable on packages which have been loaded empty or partly empty.

7. *Accommodation for cargo*.—(a) *General provisions for cargo*.—In relation to the ordinary harbour dues, as per the schedule, the Trust provides accommodation, as per clause 1 (a), for the use of cargo for a period long enough, and suitably—vide (i) below—to enable them to effect the shipment of their goods. Also, as clause 11, it places certain space, at a rental, at cargo's disposal. But in order to protect, in the interests of all cargo owners, the above of the privilege of free accommodation and the temporary mooring thereon, the Trust is obliged to impose penalty charges as per clause (b). It is imposing these penalty charges the Trust does not thereby offer to act as warehousemen for cargo; for by allowing the free dues permissible under the above clause it hopes to increase its penalty collections.

(b) *Free accommodation for cargo*.—Exports may shed within the Trust's premises, free of penalty charges, for each free day, or the Trust, by resolution in meeting, may see fit to grant free time to time, including Sundays and Christmas and Christmas holidays, before the date of the arrival in port of the vessel in which shipment is effected, with in addition, the days the vessel remains in port.

(c) *Penalty charges*.—But for periods longer than the allowed free days, penalty charges will be levied at the following rates in order to prevent congestion:—

For the first week or portion thereof—1 shilling per ton per day.

For the second week or portion thereof—2 shillings per ton per day.

For each of the third and following weeks or part thereof—4 shillings per ton per day.

Half the above charge rates will be charged if the goods lie in the open, without covering of any kind, or roof.

(d) *Exports that have to be shifted*.—Goods remaining on land at the expiry of the free days will be liable for the "special percentage" as specified in clause 8, if shifted by the Trust in the interests of cargo generally.

(e) *Goods that are not shipped*.—No free days will be allowed on goods brought into the Trust's premises and removed therefrom without a definite attempt at shipment having been made by the shipper. The returned shipments which have been taken out through the wharves of the shipper, if required from the premises, will require the benefit of the free days as if they had been shipped. If removed from the premises after the departure of the vessel by which the goods were shipped, the free period will count up to the date of the arrival in port of the vessel by which the goods were shipped, in addition to the day in port of that vessel and 24 hours, including Sundays and holidays after her departure. But for goods that are not shipped and subsequently shipped in another vessel, the free period as laid down in clause 7 (d) will only count up to the date of arrival of the vessel by which the goods were actually shipped, with the proviso that no charge will be levied in the case of goods which have been shipped for the period during which such goods are kept on land in lighters.

(f) *Penalty charges on cargo not shipped*.—The rate of penalty charges, after the expiry of the free days, as laid down by the Trust from time to time under clause 7 (b), will be calculated as a percentage of the harbour dues. For the first week or part thereof 25 per cent, for the second week or part thereof 50 per cent, and for the third and succeeding weeks or part thereof 100 per cent.

(g) *Salvage goods*.—In the case of salvaged cargo the free days will count from the date on which the goods were actually salvaged.

(h) *Penalty charges on liquids*.—For the calculation of penalty charges on liquids, as which the rates of harbour dues are fixed in the scale per 24 gallons, one ton will be considered as equivalent to 224 gallons.

8. *Storage or Entrepotage*.—For such explosives as the Trust is licensed to store and store dues in the proportion, the following scale of storage will be charged after the expiry of the same number of free days as are allowed to other cargo:—

Two pence per pound per month as part of a month for the first year.

For the second year—twice the above rates.

For the third and subsequent years—three times the above rates.

Storage will be charged on the gross weight of consignments and must be paid monthly. The first year will be considered as commencing from the date of the receipt of the explosives in the magazine.

9. *Warehouses as Goods*.—(a) *General cargo*.—Whereas at the rate of one shilling per hundred per day or part of a day is recoverable on goods consigned to Madras Harbour but not removed on the day following that on which they are unloaded. Whereupon is the recoverable on goods for onward despatch which are not consigned on the same date as they are unloaded to the Trust for despatch.

(b) *Wine*.—Whereas intended for despatch by rail may occupy space adjacent to the railway tracks free of charge for five days including the date of deposit, after which a warehouse charge of four shillings per 100 square feet or part thereof per day or part thereof will be charged. Under the export carrying by rail or road, if deposited near the railway track, will be liable to the above warehouse fee pending its removal to allotted ground.

10. *Exemption from dues*.—(a) *Exemption from dues*.—Persons requiring to store goods for the charge of their goods on the Trust's premises may obtain it, if available, by making application in writing for a permit in the form prescribed by the Trust from time to time. But it will be (i) the Trust's discretion to consent or to refuse to effect such space, and an allotment will, accordingly, be refused unless the application has been made within the deposit of the goods. Rejected space may not be added within the previous permission of the Trust.

(b) *General cargo*.—In applying to be let since goods on space available for rent, owners must state that they understand that they accept all rules and responsibilities for goods so stored.

(c) *Open space*.—For rough goods stored in the open, such as cotton, wool, rice, muscovado, timber, sugar cane, firewood, reeds, etc., will be charged for at the rate of 2 shillings per day per 1,000 square feet allotted, or part thereof, from the date of allotment.

(f) *General goods*.—For cargo stored in outside of the Transit sheds allotted by the Trust for such purposes from time to time, charges will be at the rate of Rs. 2 per calendar month, or per rate for part thereof, per 100 square feet allotted or part thereof, whether the sheds are locked by the Trust or by the owner of the cargo. For space allotted in Port Trust sheds for the storage of country produce vegetables etc., intended for export, which cannot be stacked more than one week high, the rates levied on the whole for the cargo must be divided for each storage shed by Rs. 2 instead of the above Rs. 2 per 100 square feet per month or part thereof. It is to be noted that no additional space on time from the above must be paid if it is found that no substantial delay in the loading by the Trust of ships that goods or wholly loaded to this trust nor small to make it liable of the goods as stored within the stipulated time in clause 1 (b) shall have passed from the Trust to him.

(g) *Merchandise warehouse*.—The Trust has provided certain sheds for lease to merchants for the storage by them of their own cargo, principally of goods intended for export. The rent to be charged for these warehouses will be at the rate of Rs. 4-0-0, or Rs. 2-12-0, per calendar month or per rate for part thereof, per 100 square feet allotted or part thereof, the former rate being for the double story warehouses north of and the latter for the single story warehouses south of the Anchor road.

(h) *Timber*.—For timber allowed to lie in the existing enclosures of the Timber yard, or on lots offered to the public, beyond such free time as the Trust may see fit to grant from time to time, there shall be paid down as clause 2 (a) will be received from consignees. In the event of its being necessary for timber to be shifted by the direction of the Trust for the interests of cargo generally, a special charge for such extra work will be recovered from the loaders, who, in their turn will be at liberty to transfer it from the consignees.

(i) *Condition*.—The occupation of space, in the open or under cover, under special terms will be subject to the conditions set forth in the schedule. As the charges of the period, if imports or exports are stored on unallotted ground, double the above rate will be charged for the respective areas from the date of occupation.

(j) *Interim Charges on cargo, etc.*—After the period allowed and the expiry of charges—After allowing for such free days, exclusive of Sundays and Christmas and Good Friday holidays, as the Trust may see fit to grant, the following transit charges per ton per day will be made on unallotted balances of consignments from as stored, loaded by steamer agents at the boat house inner yard, as worked out from day to day. The first month will be continued as something from the date of the expiry of the vessel concerned:—

First month .. ..	1 pte	Third month .. ..	3 annas
Second month .. ..	1 anna	Fourth month .. ..	4 "

(k) *Shed space under cover*.—On goods stored under cover in the shed allotted for shipping certain kinds of iron and steel, transit charges will be recovered on free time as shown below.

(l) *General charges*.—If, in the intervals of the Trust's business, it is found necessary to shift any set of goods from one shed, the charges for the stevedores for its removal will be 4 annas per ton for each shift. Iron or steel, remaining unremoved, beyond the end of the day following delivery, will have to pay 4 annas per ton per day for each 100 square feet or part thereof.

(m) *Charters*.—(a) *Rates per ton*.—For the storage of goods at any wharf, pier, dock, land or building in the possession or occupation of the Trust, or less or from any track or railway vehicle, the charge for each package, by measurement as 50 cubic feet to the ton, or by weight at the Trust's option, per ton per month, will be as follows:—

Up to 1 ton .. ..	2 6 0	Over 5 tons and up to 10 tons ..	4 0 0
Over 1 ton and up to 2 tons ..	1 6 0	Over 10 tons and up to 25 tons ..	6 0 0
Over 2 tons and up to 5 tons ..	3 6 0	Over 25 tons .. ..	9 0 0

*Explanation*.—That when, in the scale, a rate is quoted per package or per animal, such rate shall cover only one package when the goods are loaded or shipped. All other charges, if incurred, must be paid for at the rate of 10 per cent of the haulage rate per load, per package or animal.

(n) *Iron and timber*.—All goods stored in the boat house inner yard, and all timber loaded on the floating or non-floating boat house timber yard, measuring 8 cubic feet and over for each pile, will pay 4 annas per ton for storage, whether the space then has been provided or not and or not. When timber measuring less than 8 cubic feet per pile is stored, charges at 4 annas per ton will be charged. Iron, steel, and timber loaded elsewhere than in the boat house area or timber yards must pay storage charges, as per clause 13 (n).

(o) *Use of cranes*.—(i) *Charges against stevedores, stevedores or agents of vessels in respect of cranes requisitioned and supplied for the loading and unloading of cargo*.

Per day from 1 a.m. to 3 p.m.	Per half day from 3 a.m. to 12 noon or from 1 p.m. to 6 p.m.	Per night from 6 p.m. to 6 a.m.	Per half night from 6 p.m. to midnight or from midnight to 6 a.m.	Per quarter night from 6 to 8 p.m.
Rs. 15 per month ..	Rs. 8 per month ..	Rs. 11 per month ..	Rs. 7-6-0 per month ..	Rs. 6 per month ..

The above charges are subject to a maximum of Rs. 100 for nightwork, but if more than one vessel is working at night, the rate of the charges for all the vessels working may be taken to make up the maximum.

(ii) *Conditions under which cranes are applied for the use of cranes*.

(1) *Applications for cranes*.—In order to be made out in duplicate on the prescribed forms and signed by the Chief Officer of the vessel making the requisition.

(2) *A maximum charge for half a day or for half a night will be made in respect of cranes requisitioned for and supplied but not worked*.

(3) *Applications for cranes for the night or for the following day must be submitted to the Chief Superintendent not later than 4 p.m. on week days and 3 p.m. on Saturdays*.

(4) *Counting orders* in respect of cranes requisitioned for the whole day or whole night must be submitted at least one hour before the expiration of the half day or half night if the cranes are not required for the second half of the day or night. If counting orders are not submitted in the proper time, the whole day or whole night will be charged for.

(5) When cranes requisitioned for the half day or half night are required for the whole day or whole night, a fresh requisition must be submitted at least two hours before the expiration of the half day or half night.

(6) Any part of a day less than half, will be charged as a half day.

(7) *Charging orders for night work* will not be accepted after 4 p.m. and a charge for the original number of cranes ordered will be made up to the hour the crane is applied for work.

(8) *Use of cranes in the public.*—Cranes, if available, of 5-ton capacity or under, hired to merchants for a special purpose, outside the ordinary service of loading and delivery, will be charged for at the rate of one rupee per crane per hour or part thereof, for land cranes and at double the rate for water cranes. The use of the cranes loading cranes in the timber yards is free.

(9) *Craneage on vessels.*—For the refuelling of cranes or tugs, whose rates of harbour dues are fixed in the scale for 50 gallons, one ton will be considered as equivalent to 210 gallons.

(10) *Craneage charges.*—If cranes are required to load or unload goods into and out of railway wagons, the charges will be those laid down in clause 12 (a).

22. *LOADING, UNLOADING AND SHORTHAND WORK IN THE WHARVES.*—(a) *Ships and landing charges.*—For export produce taken from sheds rented by exporters in the Trust's premises, for direct shipment from wagons to steamer or free wagon to land, the Trust will charge Rs. 2-5-2 per loaded or current loaded trip for each 20-ton broad gauge wagon and Rs. 5-6-8 per loaded or current loaded trip for each 15-ton broad gauge wagon, and proportionately for smaller wagons if employed. The loading of such wagons must be done at their own expense by the exporters concerned. But when with the Trust's permission, the unloading of wagons at the ship's wharf, at Rs. 4-5-0 per 20-ton broad gauge wagon and Rs. 2-4-0 per 15-ton broad gauge wagon for goods shipped direct from wagons into a steamer and Rs. 3 per 20-ton broad gauge wagon and Rs. 1-8-0 per 15-ton broad gauge wagon for goods unloaded from wagons into boats. If smaller wagons are employed the rate of rebate per wagon will be in proportion to the carrying capacity of such wagons. For handling of cargo by the Port Trust, at the request of owners or consignees with the shipment of the export produce from warehouses, the rates will be Rs. 2 for each 20-ton broad gauge wagon and Rs. 1 for each 15-ton broad gauge wagon and proportionately for smaller carrying capacity. In the case of goods taken from a warehouse for shipment and returned by wagons to the warehouse, without being loaded after having been shot up by the steamer, the charge for loadings only will be recovered for each loaded or current trip at Rs. 2 for each 20-ton broad gauge wagon and Rs. 1-8-0 for each 15-ton broad gauge wagon and proportionately for smaller wagons; but when a portion of a wagon load of goods is shot up and taken to the wharf, the whole rebate of load the charge, as on each portion will be in proportion to the carrying capacity of the wagon, loaded or unloaded by the Trust, at the request of owners, and export produce from a warehouse, the rate for loading will be Rs. 2 for each 20-ton broad gauge wagon and Rs. 1 for each 15-ton broad gauge wagon and proportionately for smaller wagons, for each operation, and the handling charge on such wagons, for each loaded or current loaded trip, will be Rs. 2 for each 20-ton broad gauge wagon and Rs. 1-8-0 for each 15-ton broad gauge wagon and proportionately for smaller wagons.

(b) *Use of Port Trust wagons.*—Port Trust wagons, if available, will be hired on the following rates: Rs. 10 for each 20-ton broad gauge wagon and Rs. 5 for each 15-ton broad gauge wagon, per month or part of month. Vehicles hired from the Port Trust will be loaded, at the rate of Rs. 5 per 20-ton broad gauge wagon and Rs. 2-8-0 per 15-ton broad gauge wagon for each loaded or current loaded trip.

(c) *Harbour Charges on Railway Traffic.*—For all goods entering or leaving the harbour on railway vehicles, with the exception of the articles printed in clause 11 of the code, the Railways, when collecting their freight from owners, will also on behalf of the Trust collect the rate of three pence per ton as "harbour terminal charges." In the case of the exception, just referred to, as well as all railway traffic loaded as goods two pence per ton must be recovered. The above will be subject to a minimum charge of one anna per tonnage.

(d) *Harbour Charges on Ship and Passenger Traffic.*—To cover the cost of berthing within the Trust's premises the Railways, when collecting their freight charges or vehicles carrying passengers, troops or animals entering or leaving the harbour, will, on behalf of the Trust collect harbour terminal charges at the rate of six pence per annum calculated on the tonnage of the vehicles. But the Railways and the Trust may agree to convert this into a rate per vehicle according to gauge or class.

(e) *Extra Shunting.*—The harbour charges cover only the shunting of vehicles between the time they are taken over from the Railways and the time they are placed in position for loading or unloading. For all extra shunting outside these operations a charge of Rs. 2-8-0 per vehicle per hour will be made irrespective of whether the wagons are loaded or empty.

(f) *Shunting of Railway vehicles.*—Vehicles loaded from a Railway will be loaded by the Trust, on behalf of the firm, at the rate of Rs. 2-8-0 per vehicle for each round or current loaded trip, but the Trust will accept no responsibility for the loss of or damage to the contents of such loaded vehicles.

(g) *Goods loaded or unloaded by the Trust.*—With the exception of the articles printed in clause 11 Part II and those consigned from and to the oil installations all goods received from and despatched by wagons belonging to outside Railways will be loaded and unloaded by the Trust in return for the terminal charges laid down in clause 12 (f). But when, with the Trust's permission, such loading or unloading is done by owners, they will be given a rebate of two annas per ton on the goods so loaded. The goods unloaded into or loaded onto a warehouse or on to or from a plot of land leased to a merchant must be handled by the owner themselves, who, however, will get the rebate mentioned above.

(N) Goods specified to be loaded and unloaded by owner but actually loaded or unloaded by the Trust.—When any goods specified to be loaded or unloaded by owner are loaded or unloaded by the Trust, charges will be made of five annas per ton for each operation, subject to a maximum of Rs. 5 per consignment.

(O) Goods loaded by the Trust and the receipt by the owner.—When goods, after having been assigned by the owner and loaded into wagons by the Trust, are shipped by the owner and unloaded by the Trust, a charge of four annas per ton will be made for unloading the goods and for such subsequent operations.

14. **Harbour Goods and Storage.**—Receiving goods consigned to the Trust and goods stored in a warehouse leased by the Trust to a shipper but not shipped, all goods entering the harbour premises by rail, whether shipped or not, are liable for harbour dues. Goods stored in a warehouse in the harbour, and afterwards taken out of the harbour premises for re-exporting, will have to pay harbour dues before they are re-exported, but when such goods are again brought back the shipment after having been re-exported as further harbour dues will be recovered, provided the owner gives a written declaration to the Trust about the identity of the goods with those previously received. Goods transhipped between wagons on the harbour premises will be treated as export cargo and will be liable for harbour dues and terminal charges. But terminal charges alone will be levied on railway-owned and transhipped in the harbour.

15. **Transshipment.**—Goods manifested for transshipment, and transhipped, from ship to ship, whether directly or via the shore, will pay only quarter harbour dues. Declared packages which are to be shipped, may be treated as transhipped cargo, provided the manifest of the vessel from which they are loaded is amended to show the packages as for transshipment. But if loaded by the Trust, such goods will pay a further sum of a annas per ton for each operation, whether in or out. The rates quoted in clause 1 (a) will apply to all goods, other than iron and steel and timber stored in the iron and timber yards respectively, awaiting transshipment in the Trust's premises, except that for such goods the penalty charges, if any, agreed, will be halved. In the case of iron and steel and timber awaiting transshipment in the iron yard and timber yards respectively, the rates of berth dues will be the full rates actually charged in those two yards on the above-mentioned goods. Charges will not be charged on such goods. Coal or petroleum fuel, for bunkers, which has paid harbour dues, may be re-shipped into further harbour dues. Coal or petroleum fuel for bunkers transhipped direct from vessel to vessel shall pay quarter harbour dues. If the language of transhipped goods cannot otherwise be readily ascertained, dues will be levied on the language of the lighter or other vessel conveying them from the vessel by which they were manifested for transshipment. In the case of import goods on which the Trust relinquishes a portion of the harbour dues for handling, the harbour dues for transshipment will be calculated on the balance left after the amount to be relinquished has been deducted.

16. **Warehouse charges.**—The Trust's "ordinary working hours" are the hours fixed for Customs working from time to time by the Collector of Customs, Malacca.

17. **Over-time working.**—Shippers or others, who require facilities to be done outside the Trust's ordinary working hours, shall put in a regular application for such overtime working, not later than 5 p.m. on the same day, or on the case of Sundays and holidays on the previous working day, and shall pay to the Trust overtime fees on the following scale, whether subsequently they offer cargo during such overtime hours or not. No charge will be made for overtime time if applications for cargo which are accepted in writing before 5 p.m. on the same day, or before 5 p.m. on Saturday in the case of work ordered for a Sunday or before 4 p.m. on a week day (preceding a holiday or holiday).

Services to be paid for by each applicant for overtime work.	Each hour after 5 p.m. and before 8 a.m. per ton.	Sundays and gazetted holidays.	
		Half a day, from 5 a.m. to 10 p.m. or from 10 p.m. to 5 a.m. per ton.	A full day, from 5 a.m. to 5 p.m. per ton.
Empty a section of the yard open to outside traffic ..	25	25	25
Empty a portion of the yard open to the Trust's trains.	20	20	20

The following penalties will be recovered if unloading orders are not submitted within the limits mentioned in the clauses:

(1) *For night work.*—One hour's overtime to be recovered if the unloading order is not received by the Trust before 5 p.m.

(2) *For Sundays and holidays.*—A quarter day's overtime to be recovered if the unloading order is not received by the Trust before 5 p.m. on Saturday in the case of work ordered for a Sunday and on a holiday or holidays on which overtime work is required.

**Penalty (3).**—The above-mentioned fees will not apply to a locker pronged at through a pipe line to an installation.

**Penalty (4).**—The charge of Rs. 10 levied for keeping open a section of the yard between 5 p.m. and 5 a.m. on Sundays and holidays, for the landing of all other than bulk or of coal, No loading to be with the charge for the use of a locomotive included in the rate referred to in clause 10 (a) and 10 (b) of the code. The working hours for the landing of all other than bulk and of coal are from 5 a.m. to 5 p.m. and all loadings done within those hours is covered by the rate laid down in clause 10 (a). For the use of a locomotive from 5 p.m. to midnight the charge will be Rs. 10 and from 5 p.m. to 5 a.m. the charge will be Rs. 20.

**Penalty (5).**—No charge will be made for keeping a gate open for the passage of export goods to quays or sheds leased to merchants under clause 10.

28. **DUES, NEW RETURNABLE.**—(a) *Dues of unloading.*—Harbour dues, storage, removal fees and general charges, as well as *harbour dues and general charges of unloading*, will be levied on the gross tonnage of each package as landed in the harbour or other shipping documents subject to a check by the Trust of a percentage of each weight or measurement. In the absence of the above certificate the tonnage and liquid fuel is both will be levied as the maximum tonnage will be taken. Thus an iron mine, between oil and purpose of the Dues, 215 gallons of kerosene oil, 100 gallons of petrol or benzine is light will be considered as equivalent to one ton, but in the case of liquid fuel 215 gallons will be considered as equivalent to one ton. Harbour dues shall be assessed on all exports except when it is shipped as being 1-ton tonnage into harbour premises is taken, and exports except when it is shipped. But harbour dues will not be charged on goods intended for shipment but not shipped, which have been stored in a warehouse leased by the Trust to a shipper. Consignments of fodder accompanying cattle and not intended for export will be exempt from harbour dues.

(b) *Calculation of dues.*—In calculating the charges leviable under the schedule of rates as set out here, all half tons or fractions of less than half a ton will be treated as one ton, and all tons exceeding half a ton will be treated as one ton. Similarly, in calculating the charges of any one ton, a load of less than or up to 1 ton will be treated as 1 ton; a load exceeding 1 ton, not up to 10 tons, will be treated as half a ton; a load exceeding half a ton and up to 10 tons, will be treated as 1 ton; a load exceeding 10 tons, and up to 10 tons will be calculated as 1 ton. Fractions of measurement in cargo will be similarly treated.

29. **PORT'S MANAGEMENTS.**—For all ships' stores, fuel for ships' use, ships' stores, damages, and provisions for the use of ships using or frequenting the port and not pay harbour dues, but will have to pay for special services, in the shape of storage, storage, removal fees, postage, landing, etc., as required.

30. **HARBOUR CHARGES.**—If the aggregate of all charges payable to the Trust in respect of any one consignment shall amount to less than 4 annas, a charge of 4 annas will be levied for that consignment. "Charge amount" means the goods covered by one export or import "application." If (in such cases) or possibly charges are levied and amount to less than 2 annas, a charge of 2 annas will be levied on the consignment concerned.

31. **HARBOUR DUES ON GOVERNMENT STORES.**—For all Government stores, including articles put in or taken in Part II of the scale, a uniform rate will be charged of Rs. 4 per ton of 20 cwt. or per ton of 20 cwt. in all cases. The schedule rates will apply to articles put in or taken in Part II of the scale, also to all goods for which rates of harbour dues are 5 annas each. The above rates do not include transit dues or possibly charges, including of wages, hire and demurrage on wagons, harbour transit charges, removal fees or service fees, which, if incurred, will be levied at the actual rates. Whenever the Trust Trust is required to pay the percentage of Government stores other than the schedule rates referred to, the rate of harbour dues for such stores will be the 2-12 0 per cent instead of Rs. 4. When the articles referred to in Part II of the scale are put in or taken by the Trust, the charge will be the actual cost to the Trust of such percentage with 4 annas per ton as a minimum. The charges of troops unloading and discharging will be charged by a charge of 4 annas per head on articles and soldiers. All registered and non-registered such articles' charges will be charged at schedule rates.

32. **FAVOURABLE SERVICE.**—All stores landing or embarking such passengers or consignments at Madras shall pay to the Trust 1 anna, 10 paise per head of the class of passengers. In return the Port Trust will either (a) send such passengers aboard a quay or (b) arrange for the landing of their passengers in boats free of charge. The Master or Agent of every such vessel must submit to the Trust a copy of his passenger list in support of the claim to port.

33. **TRUCKS IN HARBOUR.**—The following are the rules for collecting dues on cargo landed at the port of Madras from vessels in distress:—

(a) All cargo to pay import harbour dues on landing, except such cargo as may already have paid upon harbour dues at Madras and may not have been carried to its destination.

(b) All cargo to pay storage dues in and out and transit dues or storage while on the Trust's premises, at the actual rates.

(c) Cargo landed passed, and re-shipped without having left the Trust's premises, to be exempt from further import harbour dues.

(d) Where goods are indistinguishable and the cargo is landed in bulk, or under such conditions that the cargo is not readily accessible, the highest carriage quantity of the cargo that brings the cargo to shore shall be taken as the tonnage, a proportionate reduction being made for bulk loads. Where goods are indistinguishable and the cargo is landed in bulk, or under such conditions that the cargo is not readily accessible, the measurement shall be made by actual cubical contents at 50 cubic feet to the ton.

34. **REMOVAL OF CARGO.**—The following are the rules regarding the dues on which the Trust will pay claims for the loss or destruction of goods for which it has become liable under the Madras Port Trust Act:—

(a) Claims for the shortage of or damage to goods will be settled on the basis of the actual cost of the goods less trade discount. The exchange value of the goods shall be taken at the current rate of exchange when the goods on which the Trust's dues are payable were landed at Madras.

(b) An allowance of 10 per cent of the actual value, in the case of ordinary cargo, will be granted by the Trust to cover all incidental and out of pocket expenses such as freight, insurance, customs duty, landing charges, etc.

(c) In the case of wine and spirits the Trust will pay the actual customs duty recoverable and will grant, in addition, maintenance of 10 per cent to cover incidental expenses.

(d) Every claim shall be accompanied by the relative receipts as required.

(e) In the case of exports the claimants will be based on the market value of the goods on the date of shipment.

35. **REMOVAL OF CARGO.**—Cargoes sent out of the harbour by rail may be weighed, free of charge, at the Trust's wharves and weighbridges. Cargoes removed by cart, by hand, or by, if desired, be weighed on the Trust's own weighbridge at a charge of a pice per ton.

24. **QUAY RETURN.**—For passengers accompanying *their* *third-class* passengers embarking from, or waiting to catch friends landing at, the Port of Madras, will be charged a fee of eight annas per head for meals in quays or landing stages. Quay tickets issued by the Trust on the passengers' receipts will entitle the holder to accompany, or meet, *two* *first-class* passengers to, or from, the quay, or landing stage. Quay tickets are not transferable and are only available for the day of issue.

25. **RATE OF WATER MEASUREMENT.**—One rupee per 500 gallons, or proportionately less for fractions of that quantity, will be recovered from the shipping for water supplied to it by the Trust.

26. **IMPORTS.**—(a) *Coal-tar.*—Applicable to the imports of coal, paid on imports or on exports, will not be quantified unless exhibited to the Trust, in writing, by the importer or shipper or on his behalf, within six calendar months from the date of payment. No refund will be made unless the amount refundable is one rupee or more.

(b) *Refund of duty on demerol or salt.*—Refunds of duty on account of shortages of demerol or salt will be based on the quantified manifest in the case of oil from most ports or according to the duty, as advised by the Collector of Customs, in the case of demerol or oil which arrives July to March.

(c) *Refunds of duty on oil, coal and liquid fuel.*—Refunds of duty on account of the shortage of oil, coal and liquid fuel will be based on the quantified manifest.

27. **QUAY DUTY.**—The following quay duty are recoverable on all goods landed, shipped or transhipped at the Port of Madras:—

	Per ton.
	Rs. & P.
(a) Landing coal, coke and bulk oil, on all goods which are landed, shipped or transhipped over the quay or at which the goods are landed, shipped or transhipped in lying .. .. .	0 8 0
(b) Landing coal, coke and bulk oil on all goods which are landed, shipped or transhipped by boats from vessels at wharves or at places other than the quay at which the vessel from which the goods are landed, shipped or transhipped is lying .. .. .	0 4 0
(c) On coal and coke, oil, demerol or salt .. .. .	0 4 0
(d) On timber, iron ore or other minerals, landed, shipped or transhipped over a quay .. .. .	0 3 0
(e) On timber, containing 5 cubic feet and over for each piece, if landed at the timber yard .. .. .	0 4 0
(f) On iron and steel landed, shipped or transhipped over a quay .. .. .	0 3 0
(g) On iron and steel landed at the iron yard .. .. .	0 4 0

*Note.*—Therefore quay duty includes the general charge on exports leviable under clauses 4 and over average on all imports up to one ton by weight or measurement, except on articles shown in tables in the schedule of the Trust's scale of rates. With the exception of timber and steel landed at the timber and iron yards respectively the average charges will be as laid down in clause 12 (a) of the scale for all goods over one ton by weight or measurement. In the case of timber and iron and steel landed above one ton at the timber and iron yards respectively and according to one ton by weight or measurement, the average charges in clause 12 (a) of the scale will be applied.

28 (a). *Consolidated landing, storage and quay duty.*—For all foreign and domestic sailing import cargo under one ton in weight per package, other than the excepted goods shown in tables in the schedule of the Trust's scale of rates, landed or transhipped from vessels whether lying at wharves or at quays, the landing charges to the quay wharves will be Rs. 5 per ton. This sum will include the quay demerolizable under clause 23. Goods over one ton in weight per package landed or transhipped over a quay will pay the above consolidated landing charge of Rs. 5 per ton and, in addition, average charges as laid down in clause 12 (a).

29. *Out of above landing charges, the landing agents will receive Rs. 1-10-0 per ton on goods under one ton in weight per package discharged from a vessel at a wharf, or from a vessel at a quay but landed elsewhere than the quay at which the vessel is lying. But on all other goods under one ton in weight per package, the landing agents will receive Rs. 1-5-0 per ton.*

(b) *Consolidated landing, storage, quay duty and postage.*—For all sailing cargo other than the excepted goods shown in tables in the schedule of the Trust's scale of rates under one ton in weight per package the landing or which has been refrigerated by the Trust to the owner's agents, landed or transhipped from vessels whether lying at wharves or at quays, the charge from the ship's deck to delivery to consignees will be Rs. 3-10-0 a ton. This sum will include the quay duty leviable under clause 23. Goods over one ton in weight per package landed or transhipped over a quay will pay the above consolidated landing charge of Rs. 5-10-0 a ton and, in addition, average charges as laid down in clause 12 (a).

On all goods on which the above charge of Rs. 3-10-0 is levied, the rate of barter dues payable by a vessel of each cargo will be 10 annas less per ton than those given in the schedule of rates.

30. *Out of above charges the landing agents will receive Rs. 1-5-0 per ton on goods under one ton in weight per package discharged from a vessel at a wharf or from a vessel at a quay, but landed elsewhere than the quay at which the vessel is lying. But on all other goods under one ton in weight per package and on all goods irrespective of weight landed down to a quay, the landing agents will receive Rs. 1-0-0 per ton.*

(c) The excepted articles of import shown in tables in the schedule of the Trust's scale of rates and landing agents on the scale shall may be agreed between consignees and landing agents. For imports over one ton by weight or measurement, the average charges to the Port from wharves will be as the below timber and iron yards respectively, where average irrespective of weight or measurement, will be covered by the consignee per ton quay duty.

- Wagon No. 17.**—A line drawn from the old post office, along the western side of the military bazaar up to the Chertpala Creek Depot, thence along the market road through Sathapala up to Koriandevale, thence along the eastern side of houses in Bhandu street through Dr. Powell's lane up to the end of Panchalappala road.
- South.**—Starting from the junction of the Bhandu street where it meets the boundary ends of wards VII, VI, IV and V, thence along the main road up to the north-east Bhandu street of S. No. 250-A (i.e.) north-west of Chanderamangam, thence northwards along the eastern head of Chanderamangam tank, thence northwards along the eastern boundary of S. Nos. 608, 1-6-B, 464 and 120-A and group Nos. 108, 110, 112 and 107, thence northwards along the eastern boundary of group Nos. 101-119, 120-128 A, 129 and 130 and S. No. 512-A and a portion of S. No. 518 of Beggars.
- East.**—From the eastern boundary of land work as defined above.
- South.**—From the point where the eastern boundary meets the eastern boundary of third ward in the junction of S. No. 2 and group Nos. 4-11, of Beggars and group Nos. 307, 308 of Chanderamangam, thence westwards along the eastern

Pollachi, then east along the northern boundary of the same field as far as the trigonometrical station of S.F. Nos. 224, 226 and 224 of Pollachi and S.F. No. 22 of Kottampatti and extending eastward along the northern boundary of S.F. No. 224 of Pollachi, then south along the eastern boundary of S.F. Nos. 224 and 222, then east along the northern boundary of S.F. No. 222, then south along the eastern boundary of S.F. No. 222 as far as the theodolite trigonometrical station of S.F. Nos. 222 and 18 of Pollachi and 28 and 24 of Kottampatti, then east along the northern boundary of S.F. Nos. 18, 22 and 18 of Pollachi, then south along the northern boundary of S.F. No. 18 of Pollachi, then east along the northern boundary of S.F. No. 12 of Pollachi as far as the theodolite trigonometrical station of S.F. Nos. 12 and 11 of Pollachi and 124 of Kottampatti where it ends.

East.—From the last-mentioned trigonometrical station the line runs south along the eastern boundary of S.F. Nos. 12, 1 and 2, then west along the northern boundary of S.F. No. 2, then south along the eastern boundary of S.F. No. 2, and then eastward along the northern boundary of field Nos. 25, then eastward along the eastern boundary of field Nos. 25, 24 and 27, then east along the northern boundary of S.F. Nos. 25, 24, 23 and 24 as far as the trigonometrical station of S.F. No. 24 of Pollachi, S.F. No. 24 of Kottampatti and S.F. No. 210 of Kottampatti, then south along the eastern boundary of S.F. Nos. 24, 23 and 24, then west along the northern boundary of S.F. No. 24, then south along the eastern boundary of S.F. No. 27, then west along the northern boundary of S.F. No. 27, then south along the eastern boundary of S.F. No. 72, then south along the eastern boundary of S.F. No. 72, then west along the northern boundary of S.F. Nos. 72, 73 and 123, then south along the eastern boundary of S.F. Nos. 123 and 122, then east along the northern boundary of S.F. No. 122, then south along the eastern boundary of S.F. Nos. 122, 123 and 127 as far as the trigonometrical station at the junction of S.F. No. 127 of Pollachi, S.F. Nos. 127 and 124 of Kottampatti where it ends.

West.—From the last-mentioned trigonometrical station the line runs westward along the northern boundary of S.F. Nos. 127, 124, 123 and 124 of Pollachi, then south along the western boundary of S.F. No. 124 then west along the north-western boundary of S.F. No. 124, then west along the northern boundary of S.F. Nos. 124 and 121, then south along the western boundary of S.F. No. 121, then west along the northern boundary of S.F. Nos. 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, then south along the eastern boundary of S.F. No. 132, then west along the northern boundary of S.F. Nos. 132 and 133, then north along the western boundary of S.F. No. 134, then west along the northern boundary of S.F. Nos. 132 and 133, then south along the western boundary of S.F. No. 132 as far as the theodolite boundary station at the junction of S.F. Nos. 132 and 134 of Pollachi village and 153 of Kottampatti village, then west along the northern boundary of S.F. Nos. 134, 125, 126, 127, 128, 129, 130, 131, 132, then north along the western boundary of S.F. Nos. 132, 133, 134, 135, 136 and 137 of Pollachi, then west along the northern boundary of S.F. No. 577.—Whereas on the 15th June 1908 the subject of the Governor-General was notified by the Malacca District Municipality Act, 1904, and the said subject has been promulgated for general information in the Port St. George Gazette, dated 24th June 1908.

In pursuance of the powers conferred on him by section 285 (4) (b) read with the proviso to section 104 of the said Act, the Governor is pleased hereby to make for general information the enclosed draft of rules for the conduct of elections of municipal councillors in municipalities.

Notice is hereby given that any suggestion or representation, which any person may desire to make respecting the provisions of these draft rules will be considered if submitted within six weeks of the date of publication of this notification. None received after that date will be considered.

#### DEBTS DUE FOR THE PAYMENT OF ELECTORS OF MUNICIPAL COUNCILLORS.

1. (1) Not less than 30 days before the date fixed for the holding of an election, the chairman shall prepare and publish a notice stating:

(a) the number of persons to be elected;

(b) the wards for which they are to be elected;

(c) the date on which, and the hours between which, nominations should be presented to him;

(d) the date on which the nomination papers will be taken up for scrutiny, not being less than seven days before the date of the election;

(e) the day on which, and the place or places where, the votes of the electors will be taken, should there be a poll; and the hours during which the poll will be open, not being less than six hours between 8 a.m. and 5 p.m., and

(f) the day on which, and the place and hour at which the chairman will commence the scrutiny of the votes.

(2) The notice shall be published by being affixed at the municipal office and in three conspicuous places in each ward for which an election is to be held, and, where the municipality is not divided into wards, in not less than three conspicuous places in the town.

#### Nominations of Candidates.

2. (1) The nomination of every candidate shall be made by means of a nomination paper in Form No. I, which shall, on application, be supplied free by the Chairman to any elector whose name is on the electoral roll for the ward.

(2) Every nomination paper shall be submitted by two such electors as proposer and seconder, and the candidate shall subscribe a declaration as if expressing his willingness to stand for election.

(3) The same elector may subscribe as many nomination papers as there are vacancies to be filled. Each candidate shall be accompanied by a separate declaration paper.

(4) Every nomination paper shall be presented by the proposer or seconder, as the date and at the time appointed, to the chairman at the municipal office.

(5) Nomination papers received after the date and time so appointed shall be rejected.

3. On the day appointed for the receipt of nomination papers and immediately after the hour for their receipt is past, the chairman shall publish in the municipal office a list in Form No. II of each nomination as appears to him to be valid with a notice that the nomination papers will be taken up by him for scrutiny at the municipal office on the date fixed in rule 1 at the hour specified by him.

#### Scrutiny of nomination papers.

4. (1) On the date and at the time appointed for the scrutiny of nomination papers, every candidate and his proposer and seconder and any other elector of the town or ward may attend at the place appointed, and the chairman shall give them all reasonable facilities for examining the nomination papers of all candidates which have been received by him as aforesaid.

(2) The chairman shall examine the nomination papers and shall decide all objections which may be made to any nomination paper on the ground that it is not valid under rule 2 and may reject, either of his own motion or on such objection, any nomination paper on which ground; the decision of the chairman shall in every case be confirmed by him on the nomination paper in respect of which such decision is given.

5. Immediately after the scrutiny and the acceptance or rejection of nomination papers in the manner described in rule 4 is completed, the chairman shall make up a final list of valid nominations in Form No. III and publish it on the notice board of his office not later than four days before the date fixed for the election.

6. (1) Any candidate who has been duly nominated for election may withdraw his candidature at any time by written notice signed by him and delivered to the chairman before midday of the day previous to that fixed for the poll; but no candidate who has withdrawn his candidature may subsequently cancel his withdrawal and stand at the same election.

(2) The chairman shall remove from the ballot paper the names of any candidate who dies or withdraws at any time before the poll is taken.

7. (1) If the number of nominations on a poll shall be valid and the candidate or candidate validly nominated shall be deemed to be duly elected. The chairman shall thereupon forward without delay the names of each candidate to the Superintendent, Government Press, for publication in the Port St. George Gazette.

(2) If, owing to the death of a candidate before the poll is taken, the number of validly nominated candidates equals, or is less than, the number of vacancies, election proceedings shall be started afresh and the formalities prescribed in rules 1 to 4 repeated.

3. If, owing to there being more candidates than there are vacancies, a poll has to be taken, the chairman shall appoint forthwith one or more polling officers for each polling station. The chairman may also, if necessary, appoint one or more identifying officers to assist the polling officer in identifying the voters. Polling officers shall neither be considered for the vacancies which the poll is to be taken nor registered voters themselves.

#### Polls.

4. (1) The polling officer shall keep order at the station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time and shall exclude all persons except his own clerks, the candidates or agents whom the candidates may have appointed in writing to appear in their stead at the polling station, the Police on duty, and such persons as may be admitted for the purpose of identifying the electors.

(2) The name of a candidate appearing or agent to represent him at the polling station shall be entered in a book the polling officer before the voting commences.

5. The ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom without the box being unlocked. Just before the commencement of the poll the polling officer shall show the ballot box empty to each person, so may be present at the polling station and shall then lock it up and place a seal upon it in such manner as to prevent its being opened without breaking such seal and place it in his view for the strength of ballot papers and shall keep it so locked and sealed. The key of the ballot box shall when placed under seal.

6. The chairman shall provide for each polling officer such number of clerks as he may consider desirable and shall supply him with a copy of the electoral roll, a list of the nominations, ballot papers and boxes and such other papers, stationery and forms as may be necessary.

7. Every ballot paper shall be in Form No. V and shall show the names of the candidates printed on it in alphabetical order. If there are two candidates of the same name, they shall be distinguished by the addition of their occupation or in some other suitable way.

8. (1) The name of every person presenting himself to vote and his number on the electoral roll shall be entered on a signature slip mentioned in Form No. IV, and the voter shall thereupon, if he is literate, sign his name in the column provided for that purpose, or if he is illiterate, shall fix his thumb impression thereon.

(2) The voter shall present his slip to the polling officer who, after satisfying himself that it has been duly signed by the voter as expressed with his thumbmark, shall file it, provided that the polling officer shall, if he doubts about the genuineness of the signature of the voter, require that the slip be attested by some person present who can identify the voter. If there is no such person present, the polling officer shall return the slip to the voter with the voter's identity has been questioned.

(3) Special facilities shall be afforded to women voters who observe the givings system in accordance with the regulations issued by the Council in that behalf.

9. Immediately before a ballot paper—that is the cover-leaf of Form No. V—is handed over to the voter the polling officer shall—

(i) initial it on the back;

(ii) enter the voter's number in the electoral roll on the corresponding numbered of Form No. V; and

(iii) after his initials against the voter's name in the electoral roll.

The polling officer shall then tell the voter how many votes may be given and shall give him the ballot paper.

10. The voter on receiving the ballot paper shall forthwith proceed to the place set apart for the purpose and there mark a cross against the name of the candidate or candidates for whom he intends to vote. He shall then fold up the ballot paper so as to conceal his vote and put it into the ballot box.

11. (1) If the voter is unable to read the ballot paper or is unable to make a cross thereon, and applies for assistance to do so, the polling officer shall read it for him and, if so required, mark the ballot paper according to the directions of the voter and give it to him to put in the ballot box.

(2) In the case of every voter whose ballot paper is marked in this manner by the polling officer, a note shall be made on the corresponding numbered of Form No. V by the polling officer of the manner in which it was so marked.

(3) The marking of a ballot paper by the polling officer under clause (1) shall not be questioned subsequently on the ground that it was not in accordance with the voter's directions.

12. (1) Any ballot paper which is not duly marked, or on which votes are given in more candidates than there are vacancies to be elected or on which any mark is made by which the voter may afterwards be identified, shall be void.

(2) If more than one cross is placed against any candidate's name, they shall count only as one vote in his favor, provided that the voter has not placed crosses against more candidates than there are vacancies to be elected.

(3) If the cross or any one of the crosses is so placed as to render it doubtful for which candidate such mark is intended to apply, the vote concerned, but not the whole ballot paper in the case where more than one vote can be given on the same ballot paper, shall be invalid, provided again that the voter has not placed crosses against more candidates than there are vacancies to be elected.

13. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the polling officer may ask, be entitled to mark the ballot paper in the same manner as any other voter. The ballot paper (called in these rules a 'marked ballot paper') shall instead of being put into the ballot box, be given to the polling officer, and

endorsed by him with the name of the voter and his number on the electoral roll and not made in a separate packet and is not to be sealed by the polling officer. The signature or thumb impression of the voter concerned shall be taken on separate slips in Form No. IV, but should be attached to their respective sealed ballot papers and separately filed.

20. A voter who has inadvertently dealt with his ballot paper in such a manner that it cannot be accordingly used as a ballot paper may, on delivering it to the polling officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoiled one, the latter one together with the envelope being marked as spoiled.

21. Immediately after the close of the poll, the polling officer shall, in the presence of the candidates or their agents, make up into separate packets and seal with his own seal and the seal of each candidate or their agents as may desire to affix their seal—

- (1) each ballot box in use at his station unopened,
- (2) the keys of each house;
- (3) the sealed and spoiled ballot papers, both ordinary and tentative, with their envelopes;
- (4) the unopened ballot papers with the envelope slips attached to them;
- (5) the marked copies of the electoral roll and the counterparts of ballot papers; and
- (6) the file of signature slips.

22. The packets shall be forwarded at once by the polling officer to the chairman accompanied by a statement in Form No. VI. Each packet shall be numbered and shall have a note as to its contents.

23. On the day and at the hour appointed for the counting of votes, and in the presence of each candidate or their agents as may be in attendance the chairman shall proceed as follows:—

(a) The ballot box or boxes relating to each polling station shall be opened one after another; the chairman shall take out the papers therefrom, count them or cause them to be counted and record the number thereof in a statement in Form No. VII.

(b) The chairman shall then mix together the whole of the ballot papers of all the ballot boxes. The examination and counting of the votes will then commence. The chairman shall, on every ballot paper which is wholly or partially rejected, endorse the word 'rejected.' If any candidate or agent present questions the correctness of his rejection order, he shall also record on the ballot paper the grounds of rejection briefly.

(c) The chairman shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or their agents as may desire to affix them; and adequate precautions shall be taken for their custody.

24. (a) After the chairman has completed the counting and recording, he shall prepare a return of the results of the polling in Form No. VIII, and, after verifying the totals of the votes with the figures in Form Nos. VI and VII shall, subject to the provisions of rule 25, declare the elections of the candidates or candidates, to whom most valid votes have been given.

(b) Any candidate or his agent shall, on application, be permitted to take a copy or an extract from the return in Form VIII.

25. The chairman shall not open the sealed packets containing the tentative ballot papers and their respective envelope slips or the marked copies of the electoral roll.

26. Upon the completion of the counting and the declaration of the results, the chairman shall, and by separate packets—

- (1) the ballot papers, all or some of the votes on which have been counted, and
  - (2) the ballot papers, all the votes on which have been rejected,
- and shall mark on each packet the number of papers it contains. A note shall be made giving a description of the contents of each packet and the station to which it relates.

*Deposit of Ballot papers.*

27. (1) The chairman shall, after declaring the result, forward a copy of the return to the District Collector and shall return in his custody the packets of ballot papers, whether counted, rejected or tentative, and of the counterparts thereof. These packets shall not be opened and their contents shall not be inspected or produced except under the orders of an election or other competent court.

(2) The chairman shall retain the packets for a year and shall then, unless otherwise directed by the orders of an election or other competent court cause them to be destroyed. The marked copies of the electoral roll shall be preserved for three years.

*General.*

28. (1) If any person has been elected for more seats than one, he shall within 48 hours from the date of the list of such elections intimate to the chairman the ward for which he chooses to retain.

(2) In default of such intimation the chairman shall notify the ward for which such person shall serve.

(3) The said person shall be deemed to have been elected for the ward so chosen as certified as the clerk may be; and throughout the votes of the other ward or wards for which such person has been elected shall proceed to elect a councillor on the same qualifications provided.

29. If there is an equality of votes between any two or more candidates, the chairman shall, after notice to the candidates concerned decide by drawing lots which candidate or candidates shall be deemed to have been elected.

30. The names of the candidates or candidates duly elected shall be forwarded without delay by the chairman to the Secretary to the Government House, for publication in the Port St. George Gazette.

31. A candidate who has been duly elected may submit his withdrawal in writing to the chairman at any time before his election is gazetted. In such case the chairman shall declare the candidate who has obtained the next highest number of votes to have been elected. No candidate who has submitted his withdrawal may subsequently stand in.

II. If any question arises as to the interpretation of these rules otherwise than in connection with an election inquiry, the question shall be referred to the Local Government whose decision shall be final.

#### PRESS COMMUNIQUE.

Calcutta, September 14, 1920.

No. 184.—It has been brought to the notice of the Government that Indian students proceeding to England are in the habit of ignoring the local Advisory Committee and of relying solely upon letters of recommendation from officials. Such letters of course may be very useful to them as introduction, etc., but unless they apply to the Advisory Committee, they are likely to arrive in England without the necessary certificates which they could easily have obtained before leaving India, if they had previously consulted the Secretary of the Committee. All officers of Government who are approached by students intending to visit England for letters of recommendation are therefore requested to advise the students to apply to the local Advisory Committee for the necessary certificates and other information.

#### APPOINTMENTS.

**EXAMINATION IN SCHOOL MANAGEMENT AND THE ART OF TEACHING FOR EUROPEAN TEACHERS IN EUROPEAN SCHOOLS, 1930.**

An examination in School Management and the Art of Teaching under article 85 of the Code of Regulations for European Schools, Madras and Bangalore, will be held on the 15th December 1930. The contents of the examination will be notified later.

2. The examination is open to European teachers who have taught in completed European schools in the Presidency of Madras or the Civil and Military Station, Bangalore, for not less than two years since December 31st 1928, under the supervision of the Inspector of European Schools or the Inspector of Schools, Third Circle, and who have satisfied the Inspector concerned as regards their methods and skill in teaching and in class management.

Applications should be made on printed form which can be obtained from the Inspector of European Schools, Old College, Madras, S.W., and should reach the Inspector not later than 15th October 1930. They should be accompanied by a covering letter, in which should be quoted any remarks made by the inspecting officer on table (b) of the annual inspection reports of the previous and previous years relating to the status of the teacher and his or her eligibility to appear for the examination. It should also be mentioned whether the applicant has appeared for the examination before.

Applications from teachers employed in schools should be submitted through the inspecting officer concerned in order that the latter may have the opportunity of granting the certificate of eligibility appended to the printed form of application. He has also to send, before the submission of the application, but with teachers in one final eligible after receiving of their applications will be required to pay the prescribed fee (referred to) before admission to the examination.

3. Applications from teachers who wish to satisfy the conditions of admission on the date of receipt of the examination should be submitted as far as possible, in order to facilitate verification in the office of the Inspectors and to afford ample time for determination of their eligibility or the reverse.

4. Candidates wishing to secure themselves that their applications have been received should submit an addressed post card in their respective applications. The post card should bear the candidate's address only and no other writing. Such post cards will be returned to them in due course with the Inspector's acknowledgment.

5. The following is the certificate for the examination for the Middle and Primary Teachers' certificates. The same papers may be set for both grades, but may contain a certain number of alternative questions of a simpler nature for candidates of the Primary grade:—

**SCHOOL MANAGEMENT.**

(a) School buildings and equipment: the bearing of various types of school buildings on the work of the school; sanitary conditions and equipment.

(b) The curricula for different types of European schools; the framing of syllabuses in different subjects and of textbooks.

(c) School records including registers, school registers and returns.

(d) The moral and social work and its connection with the home. Formation of habits—mental and social—such as order, thoroughness, cleanliness for others, loyalty to fellow-pupils and the school, the intelligence of the school. Importance of studying the individual pupil, the quality of teacher. School drill, common features of order and decorum and how to deal with them.

Exercises of the pencil and how to deal with them. Relations between teacher and pupil and teacher and parent; progress and conduct reports.

#### ART OF TEACHING.

**General principles of method.**—(1) The *Object* of a subject (its nature and value) (2) for each school year or term, (3) for each lesson. Influences which may be noticed between the sequence of those or arrangement of the subject matter, which may be demanded (4) by the nature of the child's mind and (5) by the systematic treatment of his lessons. The use of inductive rather than deductive methods.

(1) Perception and apperception.

(2) The typical lesson form; the four steps—

(a) Preparation (particularly as connected with bringing into the pupil's mind those thoughts and feelings which will help in the acquisition of the new knowledge, whether they are the result of previous lessons or of his own school experience, and as including an indication of the aim of the lesson).

(b) Presentation, the modes of presentation, e.g., experiment, narrative, developing questioning.

(c) Abstraction, especially limitations to its use.

(d) Application.

**The teaching of the subject of *arithmetic*.**—Directs a set use of the visual organs; means of securing direct assimilation; use of stories; reinforces speech; reading—the alphabet, book-ends and plastic methods, exact reading; mathematics, e.g., the solution of puzzles; writing, method of holding pencil or pen, hygiene of posture in writing; division and transcription as means of study; diagrams, the use in teaching it, its connection with reading and composition; composition, oral and written, the use of pictures, objects, stories, previous lessons, word and sentence building and paragraphs in teaching it; the ordinary rules of punctuation; the teaching of sentences and paragraph structure; the value of correct reading; choice of subjects in relation to the attainment of the aim.

**Hand and eye training.**—Drawing, the various media suitable for school work and the ability in various of such; but methods of handling media and posture at work; the use of flat surfaces and objects; memory drawing as a training to observation and accuracy as a means of expressing form and lines. Correlation of drawing with the other subjects of the school course, i.e., map and plan drawing in connection with history and geography and arithmetic; drawing in connection with object lesson and nature study; drawing in connection with writing; handwriting composition and their connection with the other subjects of the child's education.

**Nature study or Elementary Science.**—Its aims and methods; the training of suitable courses of lessons about natural phenomena, including animal and plant life and elementary physical geography with reference to local circumstances.

**Nature work and Elementary Mathematics.**—Suitable methods and apparatus, especially practical methods in arithmetic and geometry, and oral methods in arithmetic.

**Geography.**—Its relation with nature study on the one hand and history on the other—importance of observation or visualization in geography teaching—the oral training and use of maps—map drawing and map copying—other useful apparatus.

**History.**—Prevalent errors in teaching it, too much detail, want of perspective, carelessness as to pupil's real understanding of its subject matter, failure to bring into any relation with their own hard knowledge of things, evidence of errors in detail, evidence of failure to correlate with geography and language work. Importance of biography, how to select and teach biographies. Necessity of a knowledge of human nature and of realistic treatment. Influence of the study of history on character. How to draw up a good syllabus. Ways of dealing with the class text-book, selection of appropriate poetry, songs and stories in connection with the period studied.

**Elementary Drawing for a man (architect).**—Methods appropriate for the teaching of the sciences for Middle and Technical schools published by the department.

**General.**—Notes and extracts, their use in school work; home work and exercises, the nature and amount of work for the different classes and in the different subjects, reasons for limiting the amount of home exercise as much as possible in the lower classes; the necessity of home exercises and notes.

The preparation of lessons by the teacher, notes of lessons.

**Library and museum.**—Their value, methods of encouraging their use by pupils.

For the High School Teachers' certificate, the above curriculum will be followed except that 'Hand and Eye Training' under 'The Art of Teaching' may be replaced by any two of the following subjects—

(1) Special methods of teaching Latin.

(2) Do. French.

(3) Do. Physics (or Domestic Science in the case of women candidates).

(4) Do. Mathematics.

(5) Do. History and Geography.

4. Teachers in European schools who have not undergone a course of training, or who though trained, have not passed the written test at the end of the course of training, are expected to appear for this examination provided that they have satisfactorily completed the two years' period of probation; but teachers who have been declared eligible for exemption who article (4) and (5) of the Code of Regulations for European Schools, Madras and Bangalore, need not appear.

7. The scheme of the examination will be notified later.

Madras, 24th September 1912.

J. H. MELVILLE,  
Inspector of European Schools.

3. The launches are steel, vacuum, first decked with a deck cabin forward and a wooden roof extending fore and aft, supported on standards of the hand rail structure, surmounted by a flying bridge. Each launch is divided by five stout bulkheads into forward all-ports, fore and after hold, crew locker, and engine and boiler room space and is supplied with powerful woven canvas gear, steam winches, and dynamo and engine for electric lights. They are provided with the usual equipment of anchors, chains, ropes, &c., and are generally in good condition throughout as regards hull, machinery and boilers. Other particulars are as follows:—

*“Sivola.”*

Built in 1909 by John King & Co., Calcutta. Length 100 feet, breadth 22 feet, depth 8 feet 8 inches, draft 5 feet 7 inches, gross tonnage 150, boiler capacity 120 tons, speed about 8-9 miles per hour. Fitted with two sets, compound surface condensing engines, each having 14 inches 12 inches, 14 inches diameter by 10 inches stroke, I.L.P. 100. Steam supplied by ordinary marine type boilers 22 feet 6 inches diameter, 10 feet 6 inches long, working pressure 100 lb. per square inch.

*“Ardena.”*

Built in 1909 by John King & Co., Calcutta. Length 145 feet, breadth 21 feet 8 inches, depth 8 feet 8 inches, draft 5 feet 8 inches, gross tonnage 160, boiler capacity 140 tons, speed about 8-9 miles per hour. Fitted with two sets—triple expansion surface condensing engines, each having cylinders 10 inches, 18 inches, 22 inches, 22 inches stroke, I.L.P. 625. Steam supplied by ordinary marine type boilers 14 feet 6 inches diameter, 10 feet long, working pressure 100 lb. per square inch.

3. Tenders must be accompanied by a guarantee of 10 per cent of the tender amount, failing which the tenders will not be considered.

4. The launches will be delivered to the successful tenderers at Government expense at the ports specified in their tenders.

5. Government will not be bound to accept the highest or any tender, nor will Government accept any liability for compensation if the vessels cannot be delivered to their purchasers through war or other unforeseen causes. The launches will be reconditioned before delivery to the purchasers to the extent of any damage sustained by them during voyage, fair wear and tear excepted; but should the vessels be damaged to such an extent as to render it economical to sell them—by that condition, instead of reconditioning and then handing them over to their original purchasers, Government reserves the right to cancel the sale.

6. Delivery of launches—Balance of purchase money must be paid by the successful tenderers within fourteen days from the date of acceptance of tenders and before vessels are received from Government deposit or mortgage. If the balance is not paid, and the vessels are not removed within the time specified, the 10 per cent deposit accompanying the tender will be liable to forfeiture for the benefit of the Crown and the launches will be resold.

7. Delivery of tenders will be subject to the conditions laid down in paragraph 6.

8. Applications to view the launches may be made to the Commander of the Port, R.M. Dockyard, Bombay, and further particulars may be obtained from the Director, Royal Indian Marine.

#### TENDERS FOR THE TRANSPORT OF SALT.

Tenders will be received by the Assistant Commissioner in the office of the Inspector, Madras Depot Circle, up to 5 p.m. on Saturday the 10th October 1910, for the supply of boats for the transport to the Madras Depot (1) in bags or (2) in bulk of all or any portion that may be required of the salt manufactured during the season of 1911 or three seasons of 1911, 1912 and 1913 in the Madras Division (present estimate 38 lakhs annually)—Kattar 350,000 maunds, Vayalar Kattapallasseri and the Madras Saltworks 350,000 maunds, Arripal North including the Thellai extension 700,000 maunds, Arripal South 350,000 maunds and Vayalar 700,000 maunds. The operators should communicate about the 1st of April and close on or before the 31st day of October in each year.

1. Tenders may be made for transport in bags or in bulk or both, subject to the condition that only one method of transport of all the salt will be adopted.

2. Tenders containing tenders should be accompanied "Tenders for the supply of boats" and should be accompanied by a treasury receipt for payment of a deposit of Rs. 500 by the 10th or Rs. 250 if for three years take the Madras Depot Salt Works. Only one initial deposit need be furnished even if tenders for both methods of transport are put in.

3. The tenderer should definitely specify the number of boats that he will be able to supply for each method of transport and the rates per mile per gross ton that the tenderer is willing to accept in the case of each of the following factories and extensions for each method of transport:—

Name of the factory or extension.	Distance from the Madras Depot.	MILES.
1. Kattar	.. .. .	20
2. Vayalar Madras Saltworks	.. .. .	20
3. Vayalar Forest Factory	.. .. .	18
4. Vayalar Kattapallasseri	.. .. .	17
5. Arripal North including Thellai Extension	.. .. .	14
6. Arripal North Thellai Extension	.. .. .	18
7. Arripal South Factory	.. .. .	18
8. Vayalar	.. .. .	18

4. The successful tenderer will be required to maintain a further deposit of Rs. 500 if for one year or Rs. 2,500 if for three years for the due fulfilment of the contract and to execute an agreement (its main conditions of which are set forth in the annexure below) within a week of his being referred to at the acceptance of his tender and in case of failure to do so the deposit will be forfeited to Government and the acceptance of the tender cancelled. The money due on the agreement must be paid by the tenderer.

5. The successful tenderer will be supplied with gunny bags woven and tarpaulins or tarpaulins only according to transport by bag or bulk as decided upon. On completion of transport the articles supplied must be delivered back to the department or their loss made good.

6. The right of revoking or accepting any tender, without assigning any reason for so doing, is reserved to the department.

7. Further particulars may be obtained at the office of the Inspector, Madras Depot Circle, Madras.

8. The deposits of successful tenderers will be returned as soon as possible after the opening of the tenders, while the deposit of the unsuccessful tenderer will be returned on due fulfilment of the contract.

#### ANNEXURE.

The contractor shall supply at each landing place within the limits of the factories as may be passed out by the departmental officers sound and water-tight open boats with suitable sails of set

less than 22 tons and not more than 22 tons besides for the transport of salt from the depots to the depots by the Southampton Channel. He shall supply at any one time boats of an aggregate tonnage of not less than 1,400 tons and not more than 2,500 tons for the use of transport in bags and cart-loads not more than 2,500 in case of transport in bulk. The department shall have the right of demanding a rate of 1,500 tons daily.

2. The bag transport each boat shall be loaded or filled with measures of salt, besides or perhaps others, as found as to prevent bags of salt placed thereon from being wetted by high water and shall otherwise be suitable for carrying salt in bags, which will be placed in two holds with space between for stowing the mast and lading salt water, each hold being separately secured with heavy covers and sealed.

For both transport each boat shall be, fitted or fitted in the satisfaction of the Engineer, Marine Dept. Office, with enough planking of iron or other suitable metal well fixed with wooden pegs as to keep the salt loaded on the planking off the bottom of the boat and to prevent the salt being damaged by high water. The wooden floor shall be worked and stowed before loading to prevent drying the salt. The boat shall be divided into two holds or compartments with partition made of stanch planks, leaving a space between for stowing the mast and lading salt water. The boat will be supplied by Government with heavy covers or tarpaulins to cover the salt from being dampened with water and also to protect it from salt. Salt will be loaded in bulk in both the holds and will be covered with tarpaulins securely fastened with ropes and lead seals. The department shall have the right to fix bulwag rings to the boats if necessary to prevent dampening with salt.

3. As soon as the loading of the salt in any boat is complete the contractor or his agent will be required in the case of transport in bags to check the number of bags in the boat with the boat crew and in that of bulk transport to examine the covering and the lead seals and after such examination to sign the haul notes in token of his responsibility for any deficiency discovered on delivery at the depot, though with seal intact. He shall then take, repair and re-secure the boats with the least possible delay and shall wear them at each landing place as may be pointed out by the department officers. He shall not without the permission of the department officers allow any person to remove or load salt back during the voyage except the crew of the boat and such department officials as may be appointed to accompany them.

4. The boats shall be subject to inspection and repairs by the department officers and shall be provided with such suitable sails and equipment and adequate crews of not less than three able-bodied men and one boy for each boat and shall be repaired and maintained in repair within cost and risk of the contractor. He shall not permit boats laden or unladen to enter or to remain within waters of the harbour except under licence and shall be permit the landing of boats at the depot during the same period.

5. The contractor shall pay to Government for all salt lost, damaged or destroyed through the leakage or unsatisfactory of the boats at the rate of five shillings per month and for salt lost delivered through other causes at twice the rate of duty for the salt being in form together with cost plus at five shillings per month. He shall also reimburse the Government for any salt lost or damaged as aforesaid of salt carried in boats which loader. He shall reimburse the Commissioner to deliver and retain all sums payable to the department under the agreement from time to time to the contractor. But the contractor shall not be responsible for any loss or expenditure which is proved not to have been due to any negligence or default on his part or on the part of his agents or servants or to any defect in the boats supplied by him.

6. The contractor shall not have pecuniary dealings of any kind whatever with any officer of the department.

7. He shall not engage or make over the contract directly or indirectly to any person or persons, nor permit any person or persons to interfere in the management or performance thereof without the permission of the Commissioner.

8. The contractor shall obey and carry out orders, instructions and directions issued by the departmental officers from time to time relating to the speedy transport of salt and for the satisfactory of all articles supplied to him.

9. The Commissioner's decisions regarding the execution of the contract, in case of dispute shall be final and shall not be subject to question or review in a court of law or otherwise.

10. The contractor shall provide to the Assistant Commissioner every fortnight work bills and payments will be made within seven days of their receipt.

11. The weight of salt ascertained on storage at the depot shall be taken to be the weight on which payment has to be made to the contractor and the weight of salt which has been lost, damaged, destroyed, stolen, short delivered or otherwise and is decided by the Commissioner whose decision shall be final.

12. The contractor shall carry and convey from the Marine Depot to the families and vice versa, and deliver safely, bags, tarpaulins or other articles delivered to him in connection with the transport of salt giving or taking an agreement in the enclosed trip register and transport money against for greater bags loaded on to, and secured by him respectively. He shall pay for all articles lost, damaged or destroyed, while thus in his care, at the rate of 6s. 4d for 100 gallons and the other articles at such rate as may be fixed by the Commissioner.

13. In case of failure, neglect or default on the part of the contractor to observe, perform or fulfil all or any one or more or any part of one or more of the conditions the Commissioner may suspend the contract and take or enter into such other arrangement or contract as he may think fit. The contractor shall be answerable for any loss or damage so caused, but shall not be entitled to share in any savings below the sums payable to him under the agreement. The contractor shall then be valid and it shall be lawful for the Commissioner to sell and dispose of the deposits and recover the balance due from the contractor, his executors, administrators, representatives or assignments. The Commissioner or the Assistant Commissioner acting on his behalf may, without of requesting the agreement and entering into another, substitute, the work or any person thereof himself and
